

Registering a calf

When you are registering an animal, go under **My Performance > My Calving**.

Here you will see the list of calves submitted for that year. To register a new calf click **Add**.

1. Start with the Dam registration number and work your way down the list. The yellow areas are required to register a calf. Other areas are optional inputs.
2. Select Herdbook the animals should go in (Example: Purebred, Percentage (Bull & Steer), Cross Recorded (Female)).
 - a. You can hold papers online to transfer at a later date by clicking the box beside **Hold Paper for Online Transfer**.
 - b. If wanting to register the calf, click the box beside **Register**.
3. Review the information to make sure everything is correct. Click **Save**.
4. This animal's registration number will show here (If it begins with P it is not fully registered).
