Sale Manager’s Comments:
This year the Charolais in the Rockies Sale will be a video only sale, but will again be in the Beef Palace Auction Arena. There will be no cattle coming into the sale ring as tv screens will be in the sale ring. There will be some cattle on display behind the auction ring in the breeders stalls in the Charolais aisles or down in the “The Yards”. Some of the live lots will not be in Denver and trucking arrangements will need to be made from the sellers ranch location. Please contact me if you need assistance with any arrangements. There will be many videos available on the Charolais Journal website starting on January 2!

No female created more excitement before, during and after the record setting M&M Dispersal. She was the first female in the sale ring and sold for $16,000. As the day wore on and her daughters went through the ring, if we had brought her back to the ring, she would have brought more the next time around! Her four weaning age LT Rushmore heifer calves averaged $6,125 off the cows and her three LT Long Distance 1st calf heifer daughters averaged $6,083, with one of them producing the highest selling weaning age heifer calf of the day selling for $10,250 also sired by LT Rushmore!!!!

Ms Stealth 8512 is a maternal sister to the famous Baldridge Sweetheart 7M, that many many breeders have tried to purchase from Derry Wright & Cody Runft. #8512’s dam topped the 2013 Northern Exposure Sale at 14 years of age for $14,500. You couldn’t ask for more proven track records.

This flush sells with a guarantee of at least 7 frozen embryos (and all embryos over 7) if all embryos are frozen at the time of the flush or a guarantee of at least 4 ninety day pregnancies if all embryos are transferred fresh at the time of the flush, all embryo work will be done at Wright Charolais.

Due to calve near sale date and will be available to flush soon after.

Opportunities to purchase a breed changer like this rarely come along. M&M Elvira 5516 PLD combines the look, genetics and performance data into a fault free, dynamic package. Also consider that this heifer's pedigree is an outcross to all the heavily influenced Fire Water bloodlines! A granddaughter of the legendary Lindskov Thiel LT ledger 0332 sire out of one of the truly great young females in the M&M Charolais dispersal, M&M Ms Stealth 0532 PLD, which goes back the legendary Baldridge Elvira cow family. Also note that the sire of this heifer is out of the Lot 1 flush donor in this sale. Phenotypically this powerful fall yearling combines all of the body, volume, softness and rib shape into a fault free, ultrasound, huge footed skeleton, with the neck and look of a future show champion. Whether you are looking for that competitive heifer or the next great donor to add to your herd, here's BOTH in a once in a lifetime opportunity!!!!

Presented by:
Carlyn Blue, Wilkenson, Indiana & Nolan Flesner, Perkins, Oklahoma

She is the dam of the awesome heifer listed above as Lot 2! She is sired by DR Stealth whose daughters were the deal during the recent record setting M&M Charolais Dispersal in Oklahoma, including being the sire of the Lot 1 flush in this sale. The dam of this donor has some of the most important bloodlines in the development of the Charolais breed including LT Unlimited Ease, Baldridge Fasttrack and Duke 914. #0532 is open and ready to flush immediately.

This is a guaranteed flush to produce at least 7 frozen embryos or more.

Presented by:
Cannon-Deutsch Charolais, Tom Cannon & Tim Deutsch, Newton, Iowa
Guaranteed Flush & Embryos

A Champion bred to be a Champion poised to be the dam of many future Champions! This is the first opportunity to acquire a flush or embryos by the reigning Reserve National Champion Miss Kennedy also known as “Miss Kay.” This female was admired by not only Charolais breeders but by many astute cattlemen as she came down the ramp and hit the green shavings of Freedom Hall at the North American last fall. But those that had the opportunity to see her this spring and summer when she was milking were even more impressed. She is a BROOD COW!!! This great female will make a big impact on the breed when it is all said and done! Get on the train early and stay on! The IVF flush work will be done at MultiGen in Kentucky, a satellite of TransOva.

This flush will be guaranteed to produce at least 7 frozen embryos or more for the buyer.

Presented by: Long Hall Cattle, Kelly & Clint Hall, Hillsboro, Ohio & Harrod Farms, Jeff, Becca, Jenna & Jake Harrod, Frankfort, Kentucky

This great young female was chosen by Polzin Cattle and Grand Hills Cattle as their choice of all the quality young females in the powerful M&M Dispersal this past fall. She not only presents an impressive phenotype but in addition a breed leading EPD profile that ranks her in the top 1% of the breed in five different category's including an amazing 220 TSI!!!! Her dam is M&M Ms Stealth 9509 that we purchased from M&M during the 2014 National Sale in Kansas City for $20,000 before many figured out the strength and power in the M&M herd. A full sister to #9509 and her bull calf topped the bull calf pairs during the M&M Dispersal at $12,800 with Grand Hills taking her home for their ET program. Nine daughters of #9509 with the oldest being first-calf-heifers, have sold for an average of $8,528 since October 2016! This flush by any sire the buyer chooses will be guaranteed at least 7 embryos that result in at least 4 pregnancies. The flush will be done at Polzin Embryo Center and can be a conventional flush or utilize IVF technology with the option of producing sexed embryos. With the mating flexibility of this young donor, the investment potential here is tremendous! Watch for a current video of Ms Blizzard 3510 prior to the sale.

**Lot 5**

- **J&J Ms Big Ben 605** is big-ribbed, thick and athletic. She is sired by the Wright Charolais produced Big Ben that topped their second annual bull sale selling to ABS Global & Vienek Charolais and is now an AICA Double Trait Leader. She is the first natural calf of a tremendous LT Long Distance daughter from the highly regarded M&M Charolais program and in fact out of a DR Stealth 574 daughter that sold in the M&M Dispersal to Thomas Ranch in South Dakota. This Big Ben daughter combines an outstanding EPD profile with a tremendous “on foot” phenotype, visual quality and a calm disposition. You can buy with confidence from the same program that exhibited the 2014 National Champion Female and the 2016 AJICA Junior National Reserve Grand Champion Bred & Owned Female & Third Overall Champion in Bred & Owned too!

**Lot 6**

- Pairing the genetics of a past National Champion Bull to one of the most popular sought after outcross females in the Charolais breed today was a definite no brainer! This mating turned out better than ever hoped. Turton has sired many great ones left and right. Her dam RRC-RA Daisy C311 is the super female Trae Simmons purchased that was a double National Class winner and double National Division Champion. A flush in her sold in the 2015 Charolais in the Rockies for $10,500! Alexandrite is moderate, sound, with plenty of power to go around; all combined in a beautiful haired and attractive package. Bid quickly and often on this one! She is sure to win you some banners and then flush her purebred or clubby to make your next great one. She has the sweetest disposition and will make a great show prospect for younger exhibitors or you big boys, you just cannot go wrong!

This young May born show heifer has got the attention of every visitor to Wild Indian Acres, she is stout and deep ribbed. And of course she should be broody, sired by Passport, who is out of Marion 0025 and then out of brood cow deluxe ACE Ms Wienk P125. This heifer is bred to be the kind of brood cow everyone wants in the pasture. The OW Miss Marion 0025 influence has long been a “go to” bloodline of dependability in the breed. She is one of the leading donors in our breed. And then Passport mated to her can only result in this kind of heifers. Then you add the dam of this heifer P125 to the mix and you have a heifer calf that will be a tremendous producer. P125 has produced over 50 progeny for some of the breeds most astute cattlemen in the breed. Don’t overlook this one!

We could probably stop talking once we say this heifer is sired by LT Rushmore 8060 and out of SCR Ms Turbo 7003, but why waste the space in the catalog. This June heifer is “dog” gentle and would make a great project in the show ring for a starter heifer for a young junior. Her sire Rushmore is the hottest sire in the breed today. This past spring some of his sons have sold for $125,000, $57,500, $30,000, $23,000 and $21,000. And weaning age daughter have sold for $30,500 and $54,000! His progeny are making everyone sit up and take notice. Now think about the dam of this heifer. SCR Ms Turbo 7003 has taken her place as one of the great ones. Her weaning age daughters of have sold for $13,000, $7,500, $6,500, $5,750, $5,000, $5,750, $12,000 and $7,100. Not much guesswork here!

This is the nicest set of heifers that Bar S Ranch has ever brought to Denver and they have brought many great ones! They are all May born heifers and all sired by the senior herd sire at Bar S Ranch-EB California 1041. EB California was produced by Erica Bianchi from California and had an enviable show record throughout the country and was sired by a great Hebbert Charolais LT Easy Blend son. Bar S Ranch has won more Denver banners than any other breeder since 2010 including the Grand Champion Denver Pen Heifers every year they have brought a Heifer Pen-Of-Three! Previous yard entries from Bar S Ranch have included a Fort Worth Champion Female, a Denver Reserve Grand Champion Female in the 2016 Junior Show, a Denver Champion Bull, a NILE Champion Bull and two American Royal Reserve Champions. Bar S Ms Priority 0607 als “Cupcake” also a Denver Pen entry alumni, garnered 6 State Fair wins over two years, including Supreme Champion at the 2012 Kansas State Fair. Lots 9A and 9C stem from the same cow family as the 2015 Ft.Worth and 2016 Denver heifers pictured below. Take your choice and I wouldn’t be surprised if we could sell a second choice!

Selling Choice of Pen-of-Heifers

Welcome to the National Western Stock Show for first time consignor 4C Amos Charolais! Matt & Amanda Amos are excited to bring this outstanding set of 5 heifers to the Charolais In The Rockies Sale and show down in the yards. These heifers are from the top of their small herd and they have been pounding the road in the northwest showing these heifers and finding many friends for them. They have showed at the Oregon State Fair, the Central Washington State Fair and at the NILE in Billings, Montana. These heifers have given the Amos’s great success with Champion Breeders Herd, Heifer Calf Champions and Reserve Calf Champions. Matt is confident that these heifers will all make great cows, stop down in “The Yards” in Denver and talk to him about taking your choice or all of them!

Presented by: 4C Amos Charolais, Matt & Amanda Amos, Castle Rock, Washington

Selling Choice of Pen-of-Heifers

In their first time of bringing a pen of heifers to Denver in 2016, the Moore Family walked away with the Grand Champion Pen-of-Heifer Trophy, with a set of heifers all sired by Keys All State 149X! The Moores are bringing back another set of outstanding heifers and they are all sired by All State again. One of these heifers in out of NS TR PZC Firedancer 1502 that sold in the 2011 Northern Exposure Sale for $25,000. Her dam was the $50,000 National Champion Firegirl and Firedancer went from the Northern Exposure Sale on October 1st and was the National Reserve Spring Calf Champion on November 12th. The other three heifers are all ET’s out of PZC TR Brooke 932 P that sold in the 2009 Northern Exposure Sale for $10,500. They also have 3 ET full brothers that sell as Lot 12, read more there.

Selling Choice of Pen-of-Bulls

Another outstanding set of ET bulls sired by the $25,000 Keys All State that was the 43rd National Reserve Junior Champion Bull. The dam of three of these bulls is out of the same donor as the three heifers in Lot 11. That dam, PZC TR Brooke 932P sold for $10,500 at six months of age the same day that a ½ interest in her dam, the soon to be real famous Thomas Ms Impressive 0641 sold for $27,000 to Nelson Charolais. Brooke is a full sister to the many National Champions Firegirl, Ivory Angel, Turton, Bomshell, Rapid Fire and CC TR Adalina. And who is the 4th bull in the pen, why none other than a WR Wrangler W601 son out of the $115,000 TR Ms Madonna 4552B, the Turton daughter out of the Thomas Ranch “Wylie” donor, that sold for $105,000 in the Thomas Ranch Dispersal. Selling full interest and full possession in your choice.

Selling Choice of Pen-of-Bulls

No stranger to the Denver Pen Show, Suttles Charolais Farm & Nate Suttles once again bring a powerful set of bulls to the National Western Stock Show for your evaluation. During the National Charolais show in 2014 the Suttles family had one of the most popular Pen-of-Bulls in recent history. They came away with the Reserve Grand Champion Pen of Three and then walked two of those bull into the National Sale offering. They were sired by this year's pen sire, Keys All State 149X. NS SCF All The Time 1316 ET sold for $19,000 ½ interest to Clift Livestock in Washington and NS SCF All American 1310 ET for $18,500 ½ interest to Riverdale Land & Livestock in Missouri. Another full brother in blood sold in the 2013 National Sale for $17,000 ½ interest. Watch for the videos of these bulls after the first of the year on the Charolais Journal website. Selling ½ interest and full possession in your choice of these herd sire prospects!

SYV STARSTRUCK 599R

Elmer’s Star Buck was brought into the Polzin Cattle program as a complete outcross Canadian sire to be used on the well-established bloodlines of their female herd. His dam, SYV Starstruck 8X was one of the most admired brood cows in Canada when she was named the 2012 Agribition Supreme Champion. Was this move successful? One only needs to look at the Polzin Leading Ladies sale report this past October. The only three daughters he produced in 2016 sold at a high level for $12,500, $4,250 and $17,000! Chris will let the buyer of this ¼ interest choose either the spring or fall possession.

Mill Iron Lazy 5 Cattle Company will remain a ¼ semen interest partner and all future semen revenues will be divided with the new buyer at a 25% share.

Here is another bull that is pretty much an outcross to many of today’s popular bloodlines. The front end of this bull is “freaky” especially for a purebred Charolais bull. You are going to travel a long way to try and find a calving-ease specialist built like this. From his tiny head, choke-fronted look, smooth shoulder pattern, it’s all critical breeding traits when looking for a true calving ease sire. But that’s not all he brings to the table. In this sleek easy calving package he also ranks in the top 3% of the breed for Weaning Weight EPD, top 6% for Yearling Weight and top 8% for Terminal Sire Index! The performance and carcass traits stem from his sire LCOC Top Grade, who we cannot say enough good things about when discussing what he has done for our breeding program. And then look at the maternal implications on the bottom side; JWK Verna E225, Duke 914, Lemmon Actress X140 and the dam of Prime Cut, WCR Miss Ease 4314. This herd sire prospect will not be in Denver, but look for his video near the first of the year and then make arrangements to have your new herd sire shipped to his new home.

Lot 16

**NGC CLASSIC 624D ET**

- **Selling 2/3 interest and full possession.**
- **BW:** 91 lbs  
  **ADJ. WW:** 853 lbs  
- **EPDs:** 2.4 1.0 32 61 -3.3 29 1.5 209.63

- Once again we get a chance to share another LT Ledger sired herd sire prospect out of M6 Ms Nancy 6100! We are excited about NGC Classic 624D ET and the potential he has. Where do we start talking about this outstanding herd sire? How about the full sibs to him that has everyone’s attention? They have sold for $41,000, $18,500, $18,000 and $13,500 and many more high-sellers across the country. Classic’s donor dam is an elite cow of the Charolais breed and one of the highest revenue creators in the last few years. This bull is a powerfully built, soft made, big-topped and long-bodied bull that is also the heaviest weaning weight to date of any of his full sibs. This is a big time herd sire that is backed by a phenomenal heritage family! Expect greatness from his progeny.

Presented by: North Grove Charolais, The Dennis Fischer Family, Grove City, Minnesota

Lot 17

**NC FIRESTORM 506 P ET**

- **Selling ½ interest and full possession.**
- **BW:** 86 lbs  
  **AWW:** 828 lbs  
- **EPDs:** 1.4 1.9 30 52 4 2.3 19 1.0 191.97

- There will be a great deal of breeders that will want and need to look at the video of this tremendous herd sire prospect. He is extremely deep-bodied, thick and powerful in his design and makeup. His sire is the National Champion Bull that is totally proving himself to not only be a show bull producing show cattle and pasture improvers. His dam is one of the Nelson’s most dependable donors as she has produced them 24 NC prefix sons and daughters including perhaps the greatest of them all NC Firestorm 506 before you now. Firefly’s sire Firemaker is well known as one of Thomas Swisser Sweet 1764 or ZSA ZSA most powerful sons that has produced many quality progeny. And on the maternal side Firefly goes back to one of the great donors JC Maggie, a perfect uddered donor. This is a herd sire that will do it all for you; powerful bull calves to sell and awesome daughters to build the herd around!

Presented by: Nelson Charolais, Katie Nelson, Rice, Minnesota
Selling Choice of All 2016 Eaton Bull Calves

- Selling ½ interest and full possession.
- Thanks again to the Eaton Family for letting us consign this breed leading opportunity. Selling ½ interest and full possession in your choice of the top 500 plus yearling bulls on test in the sale pens. There are sons of LT Ledger 0332—the $105,000 most popular AI sire in the breed, LT Commander 4038—that 8 Story Farms from Missouri purchased in the 2015 Lindskov-Thiel Bull Sale for $55,000, LT Blue Blood 1131 Pld—that Eaton’s and Roster Charolais purchased in the 2012 L-T Bull Sale for $53,000 and many other Eaton herd sires that are AICA Sire Summary Trait Leaders. There are 117 ETN bred sires listed in the Fall 2016 AICA Sire Summary and 10 ETN Herd Sires listed as AICA Trait Leaders for 8 different traits including CE, BW, YW, Milk, MCE, Multiple Traits and Marbling! Those Trait Leaders record 4,144 progeny with 992 daughters in production which is SOLID PROOF of their Time Proven Performance herd!

Presented by: Eaton Charolais, The Eaton Family, Lindsay, Montana

Selling Choice of One Bred Heifer

- Only during the Charolais In The Rockies Sale does the Cobb Ranch offer one of the most exciting choices of the herd. The buyer of this lot will get to select one and only one bred heifer from over 100 head from this awesome “closed herd” group of broody bred heifers. For over 50 years this “one-iron brand” herd has remained closed and developed from within. You will be amazed at what is available to select from. These bred heifers are due to calve as always in February and March and you may wait until they have calved out so you are really getting your choice of pairs! Selection must be completed by May 15th, 2017. This offering has only happened in Denver once a year and following is what it has sold for a few times: $7,500, $16,000, $7,750, $7,100 so be prepared. One more added benefit; you will get to experience one of the most beautiful ranches in Montana and take home your next masterpiece!

Presented by: Cobb Charolais Ranch, Inc., Mike Cobb, Augusta, Montana
Selling Buyers Choice of One Bred Cow and One Bred Heifer

Another “only once a year” offering, but with a little different twist. Selling will be the Choice of the Hebbert Ranch Bred Heifers and the Bred Cows! That’s right, we will offer the buyer’s choice of either set of breds and then that buyer can double the bid and take one from both groups or pick one and then we will offer the other group. Some of the breed’s most astute breeders have actively bid upon and bought this offering each and every year including Legacy Castle, Lindskow-Thiel, 8 Story, Eaton, Sandmeier, Schurtop, Silver Spur, Peterson, Hassebrook & Wright. What does this choice sell for you ask, well the last few years; $10,500, $9,000, $13,500, $13,000, $8,000, $8,000, $7,750, enough said!

Over 350 mature bred cows will comprise this first group, all spring calving females.

140 head of bred heifer make up this group, all spring calving heifers.

What makes this offering even more appealing, you can wait till most have calved out and can select a cow/calf pair. There is not much risk here, they calve them out, you can select a bull or heifer calf at side, you can see how they milk, it all makes for a wise investment. The Hebberts would like this selection to be made by May 1, 2017, so they can move the pairs out to grass for the summer. Come and enjoy the Hebbert hospitality in the Sandhills of Nebraska, get in the pickup to look or saddle up and welcome to the Hebbert Charolais!

Presented by: Hebbert Charolais, Dave & Micki Hebbert, Hyannis, Nebraska

Selling Choice of Two Bred Heifers

The last two years in Denver we had the privilege of selling bred heifers from the DeBruycker Charolais program that Jeremy & Kate Roberts had selected from that herd, showed them around the country in the fall and then brought them to Denver for the Charolais In The Rockies Sale. Pictured are those three heifers. They sold for $9,000, $9,500 & $11,000! This past summer the Roberts were in the middle of moving their house and location and it just didn’t work out to do that, so this year you the buyer get to go to DeBruycker Charolais and make your own selection! There are 400 head of spring calving bred heifers from which to choose. We WILL SELL TWO CHOICES! You can wait until April 1 (The DeBruycker 33rd Annual Bull Sale date) to make your selections, so most will be calved out. Since you get to choose from the pairs only heifer calf pairs will be offered. The prominent sires of most of these heifers are; BHD Zen X270 P, BHD Zeus X3041, CJC Mr President T122 P [Dj Equity Z370 P], Dj Maximo A18 P, Ds Mr Big Cigar V20, BHD Isotope Z414 P and LHD Matrix Y1270. The majority are bred to; BHD Zeus X3041, Lt Ledger 0332 P, BHD Zen X270 P, CJC Trademark H45, CJC Mr President T122 P and BHD Perseus B65 P. There is “donor” potential lurking within this outstanding set of bred heifers, don’t pass one by.
