- This bull is pure Ozarks—a combination of the top genetics used in the Peterson herd.
- The 0383 genetics are well known for calving-ease and the added punch from the maternal side will produce fast gaining calves and maternal daughters.
- These genetics are well adapted to fescue pastures for three generations.

- Makes It Easy sons have been a favorite for the last few bull sales. Complete, fault-free cattle that will get the job done.
- He was added to the program to walk the pastures because of his awesome dam who was a high seller at the Sublette Dispersal. She was a true brood cow.
- This will be the last opportunity to purchase sons of this bull. He was lost due to an unfortunate accident. Help yourself with a proven commodity.

- Another one of the impressive young sires here at Peterson's. He replaces his sire, Makes It Easy, in the herd bull rotation.
- He also traces to the Germaine cow family which is responsible for many generations of profitable genetics.
- The first sons of this young sire show a lot of growth and performance.
