Dear Cattlemen and Cattlewomen:

Thank you for all your support these past 12 years! This is our 13th annual sale and we learn more each year. We have worked hard to get this sale together. This year we are bringing you more consignors with higher quality cattle!

We would love for you all to join us at this great event! We think of it as more than just an auction. It is a time of food, fellowship, and cattle. We have 42 consignors from 10 different states. Out of these 42 consignors, several of them consigned with us in the past; and we greatly appreciate their trust and loyalty. We are also welcoming several new consignors this year! We hope that they too will become repeat participants! These fantastic consignors have brought us one the best and biggest selection we have had here in Bowling Green. If you plan on attending only one sale this year, this is the sale for you!

My family and I look forward to seeing all of you in Bowling Green April 20th and 21st. It's one of our busiest and best weekends; full of friendship and fellowship. We have made many memories over the years and look forward to the memories that will follow this year's event!

I would like to thank my family for their help with the sale every year; and for putting up with me while preparing for the sale. I would also like to thank the consignors; without you this sale would not be possible. Thank you for the friendships and memories made each year. Lastly, I would like to thank Bob Morton and Tradition Auction Company for managing our sale this year. Bob has been invaluable to this sale over the years.

Thank you,

Frankie Anthony

- Milestone is sexed female.
- Ross will guarantee 1 pregnancy for every 3 embryos purchased, if they are implanted by a certified embryologist.
- A real sale feature here!! The dam of these embryo's is a full sister to lot 1 in the recent M6 Ranch Dispersal that commanded \$36,000. The Germaine cow family is one that is time tested and true. She is also a full sib to the top selling bull at the M6 Dispersal and a full sib to this years Lot 1 bull in M6's final bull sale. Not only is this female gorgeous to look at she has curve bending EPD's, she has a whopping 232 on TSI and that's in the top 1% of the breed. These embryos are mated with the \$125,000 Milestone; and all 6 embryos are sexed female. This is a rare opportunity.

- This is a mating with the \$125,000 Milestone and the mother of RF Greta 96Z, the 2013 Missouri State Champion. She is in the Ridder Farm donor program and a great daughter of M6 Gridmaker 104.

M6 New Standard x M6 Cool Germaine 1145

- **Consigned by Kyle Reaves.**
- Kyle has given us a very special lot. This donor is the mother of the \$36,000 Lot 1 in M6's Ranch Dispersal, the \$30,000 top selling M6 bull at their recent dispersal; and their full sister brought \$19,000. She is also the mother of the Lot 138 donor cow in this sale. The lot 138 donor cow has sold thousands of dollars in embryos. I talked to Kevin Moore, he told me this cow had generated almost \$200,000 in progeny for M6. These embryos are mated with multi trait leader M6 New Standard.
