- Selling One-Half Embryo Interest!
- This great donor dam #2419, descends from one of the breed's most fond cow lines; RC Ms Bud 418 Polled, the only full sister to RC Budsmiyad 225 in the WORLD! She is a full sister to SCC Ms Bud 418-1128, the featured donor on the next page of this catalog. #2419 has proven herself as an elite Charolais donor producing champions in both the purebred and club calf industries. In back to back years she produced champion females at the National Junior Chianina Show for Jara Settles. In 2009 her daughter ACE-JJS Firebud was Reserve Supreme Champion Female of all breeds at the prestigious Kansas State Fair. In 2012 her daughter GAL Dyson was the Reserve Grand Female at the American Royal Junior Show for the Gall family. The Polzin customers tell them that #2419's calves born this year sired by Turton and Monopoly may be some of her best yet! #2419 has been a standout in the Polzin in-vitro fertilization (IVF) program averaging nearly 20 sexed embryos per aspiration. They look forward to sharing her future embryo production with a partner who is as excited about her future as they are!

**Ms Southern Belle 302**  
Full sister to Lots 3a & 3b

• Full sisters to these two darlings have created plenty of excitement in Charolais circles the last two years and these gals will continue the buzz! Their full sister Snow Angel 202, the \$41,000 high seller for Pembroke went on to be a many time champion, another full sister topped the 2013 Charolais in the Rockies Sale in Denver at \$15,000. Kristen Roe is now showing a full sister this year that won her class at the Junior Nationals in Kansas and went on to be the Reserve Grand Charolais at the always tough South Dakota Spotlight Show. Pictures and videos of these two young ladies will be available about September 20 on the Polzin website; [www.polzincattle.com](http://www.polzincattle.com).

CC Katelyn 8107 Pld

Lot 4b

• These three daughters of CC Katelyn are exactly what we have come to expect from her. Rib shape, moderation and a maternal look all wrapped up in a sound, functional package. Katelyn had an Easy Pro heifer calf at side when she was selected the Cow/calf Champion at the 2010 AIJCA Junior Nationals and later when they were the Supreme Female at the 2010 Minnesota State Fair. The mating of the National Champion Bull Northern Wind also really clicked and we are certain you will agree. The T07K cow family also produced two more Junior National Reserve Champion Females for Cally Thomas. Take advantage of adding a proven cow family to your program and have a little fun campaigning them along the way.

• Her dam is a full sister to the great ones; Firegirl, Turton, Ivory Angel, Rapid Fire and Bomshell and Pistol Annie was the 2012-13 AICA Reserve Show Heifer of the Year! Many breeders think she may have been as good as any of them, especially in the pasture. This will be the first calf offered out of Pistol Annie and since she is sired by Rio Bravo, who is as hot as any sire right now, this mating is special. Rio Bravo semen has sold recently for \$600 per unit. He might be the most balanced sire we have seen in some time with moderate birth, high growth, high maternal value and all in a very sound, durable, soft package. If it wasn't to break a partnership, she wouldn't sell. This heifer is entered in both the shows at the National Show in Kansas City and the next week in Louisville.

Presented by Cannon-Deutsch Charolais, Tom Cannon & Tim Deutsch, Newton, IA (641) 521-8184 & Creasy Charolais, Robb Creasy, Macomb, IL (309) 255-7799

• These ET heifers are something special. They are the start of something great! They are bred to be champions. They are full sibs in blood to the \$25,000 Firedancer that sold in the 2011 Northern Exposure and went on to be the National Reserve Spring Calf Champion Heifer in Louisville. Their dam is a full sister to the National Champions that we all know about. Brooklyn 939 has left her mark on both of these sweet fronted, sound made, stout, long-sided heifers. They have the potential to be top competitors on the tanbark. Another daughter of Brooklyn 939, WDW WIA Brooklyn 222 sold for \$11,000 in the 2012 Northern Exposure and went on to be named the Junior Champion Female at the 2013 Canadian National Show.

• The Skittles x T077 mating has seen success in both the sale ring and on the tanbark. A full brother to this heifer was the high-selling bull at the 2013 Black Hills Stock Show and another full brother was the 2014 National Junior Bull Calf Champion for J & A Charolais and Silver Spur Ranches. Sydney Zehnder showed a full sister Wdz Kf Skittles 213 in 2013, being named the Reserve Supreme Champion Heifer twice and also a Junior National Class Winner. That heifer has turned into a beautiful cow and Sydney is keeping her calf back to show in 2015. Here's an opportunity to have fun next summer and generate profits for years to come.

• You talk about a couple of heifers that have a great pedigree with every dam in the pedigree having been a donor for some of the greatest herds in the U.S., here they are! Every sire is also a breed leader. Their dam Twizzler sold in the 2010 National Charolais Sale for \$12,000, Skittles had a one-half interest sell for \$15,000, the first Twizzler daughter sold for \$13,500, it goes on and on. And who is their sire, why the National Champion Wdz Northern Wind!

• This dandy show heifer is a full sister to JM Ms Angel Kisses-Chloe Griswold's 2012 Grand Champion Heifer at the AIJCA Junior National in Grand Island, Nebraska. Chloe and Angel Kisses graced the front cover of the August 2012 Charolais Journal after renowned judge Jack Ward selected her champion from 235 heifer entries in that show that summer. That is not the only great one to come from that mating with JM Ms Jwow winning the Grand Champion Female award at the Fort Worth Stock Show as well as another full sister that has had great jackpot success in Texas, JM Ms Snooki. These Jordan Mack bred females are crazy good.

• This March heifer is bound to make just as many friends as her mother did. Her pictured dam was the high-selling and Consignors Choice Grand Champion Female of the 2013 Iowa Beef Expo consigned by Rowan Ranch. She sold that day for \$7,000. Wrangler not only gave her a boost on paper, but this heifer is deeper and softer in her rib shape than her dam and also boasts a neater more attractive front end. Not only a popular pedigree selling here, but one that is destined to make a successful show heifer and an even better cow.

• Another Ledger daughter that will turn some heads sale day. This E.T. daughter of his is out of a great donor in the Shepherd program for years. Her dam #0236 was also a tremendous producer for the M6 Ranch program in Texas for many years. More than 60 progeny are registered to her today. Her balanced EPD's will be another asset for future marketing.

• When you see this heifer you will readily see why the breed is excited about what Cooley Royce can do. From a breeding and genetic standpoint, she looks like a show heifer, but is bred to be a mama cow! A junior member could tie into this heifer, have some fun showing her and then build their college fund with her pasture production. Anne Deutsch bought the dam of this heifer from Wakefields at this Northern Exposure sale and was she was undefeated in three tries as Supreme Cow/calf Champion over all breeds at the county fair. Her balanced EPD's are just another plus. Presented by Cannon-Deutsch Charolais, Tom Cannon & Tim Deutsch, Newton, IA (641) 521-8184

• This was the most anticipated mating of 2014 for the Nelson's and they love it! This heifer combines the elegance of Firefly with the bone and muscle from Sanchez. Katie tells me that she feels this could be that "special one" right here! The sire of this heifer is the sire of Diablo and Encore, so you know she will be stout and correct. Also note that her maternal granddam was a National Sale donor for Polzin Cattle and her great grand dam JC Maggie is one of the great maternal donors of all time! Her maternal sister sells in the bred heifer section of this catalog as Lot 38. Presented by Nelson Charolais, Katie Nelson, Rice, MN (320) 290-5136

• Here is a unique outcross pedigree with powerful club calf implications abounding. Her sire is the famous Dan Leddy popular club calf sire 20X, who's dam Miss Hoodoo Z6020 was one of the very best Hoodoo's that ever lived! On the bottom side of this pedigree is Lazy Jr Miss Zing 629F, another well-known donor in the club calf world. Her most well-known progeny was the 2005 the American Royal Grand Champion Steer that sold for \$100,000 after being selected champion by judge Troy Thomas. Also take a look at the three embryos that sell sired by Fire Water, there is some Zing in this offering.

- Bred A.I. on 5-13-14 to WR Wrangler W601.
- This is an ultra-feminine, deep-bodied heifer that has caught many eyes with her pure beauty and quality. She is bred early and ready to make you money. The Nelson's have such confidence in her service sire Wrangler who's calves come early, come easy, hit the ground running and then perform to succeed. Her sire is the hot Turton and her dam Firefly has been a mainstay for the Nelson's show string and pasture winners. A maternal sister sells as Lot 36. This female was just named the Grand Champion Female at both their Country Fair 4-H and Open shows.

- Bred A.I. on 5-13-14 to WR Wrangler W601.
- This is another long-sided, thick made heifer along with being sound and functional. Her sire is the National Champion Montezuma and her dam goes back to the carcass leader M6 Big Top 268 and on the bottom side of her pedigree the Eggleston New Trend bloodline. She is well-balance, neatly designed and bred to Wrangler will only enhance this offering.

- We only offer one percentage heifer this year, but what a great one! She is one super correct, ultra-complete composite female. She stems from the powerful Sullivan OCR Miss Peugeot and OCR Red Sasha family. This young red heifer has what it takes to not only be competitive in the ring, but also with the versatility to go on and work for any operation.

• Whoa! Take a look at the opportunity here. Summit's offering of this pair is representative of the quality we have come to expect from this operation. This young pair combines a proven pedigree with a cool look and enough performance that there is a lot of mating versatility. Y128 is made right. . . . feminine, sound and a near perfect udder. As a daughter of their Miss Cigar 230 donor that topped the National Sale one year at \$20,000, you know she is backed by fertility and performance. The first daughter of Y128 weaned off at 722 lbs. to ratio 111. She has been pasture exposed back, since calving, to Summit Andes A50, a bull that Summit sold one-half interest in for \$20,000 at Denver last January, this will be the first opportunity to purchase anything bred to him. If you're looking for a show heifer prospect, the young heifer at side may be the best part of this investment. She is a typical Supreme X01 daughter, getting better every day.

• This mating is one that really works! A full sister to these heifers was the high-selling Charolais female in our summer internet sale, with that heifer going to Drew Foglesong in Illinois. One herd sire full brother sold to Silver Spur Ranch and another herdsire prospect Summit Supreme's Dale A110 has been retained here at Summit and watch for him at the shows this fall and next spring. Summit has retained several 532 daughters in the herd and will retain more from their 2014 calf crop. The cattle out of this mating are good footed, heavy muscled, big-bodied and have a consistent look. The heifers offered in this lot will be backed by 532's unique, top percentile rankings for milk and ribeye. Combine this with the added stoutness Supreme puts in his calves and you get a real genetic opportunity. Presented by Summit Farms, Alden, IA; Roy Miller (641) 373-6031, Brian Mike (715) 781-3938, Cheramie Viator (979) 777-9419
