When Jerilyn & Matt watched TR Mr Outkast win the National ROE Champion honors during the American Royal in 2017 they knew exactly which donor to flush him to. As one of the few Outkast heifers available, she exhibits a bold rib design, wide pin set and incredible flexibility off both ends. This combined with her dam's genetic roots from Mead Farms results in a killer show look with donor potential.

This maternal brother to M&M Outsider 4003 Pld has quickly taken his place as a sire of high quality and consistent production with his first progeny hitting the shows and sales. His daughters were some of the most talked about at the recent 2019 Missouri State Fair, in their first outing. One of his first daughters to sale at seven months of age sold for \$5,250 in September! His dam sold for \$67,500 during the Thomas Ranch Dispersal. His sire was the National Champion Bull. There is tremendous upside to this herd sire of importance!
