5:30 p.m. Expo Annual Kick-Off Party • Cattle Barn Foyer

ONLINE BIDDING
Bid and purchase live on the internet. Go to www.liveauctions.tv. Create an account and/or register for a buyer number prior to the start of the sale. Questions, call: Margo Schmerge 937-515-1194 or Margo@LiveAuctions.tv

Individually lot videos will be made available following filming of the Video Parade, Sunday, February 9.

HEALTH
All animals will be accompanied by proper health certificates making them eligible for interstate shipment. No tolerance for ringworm will be allowed.

SEMEN TEST & BREEDING GUARANTEE
All bulls born before Jan. 1, 2019, must pass a breeding soundness exam performed by a licensed veterinarian after Jan. 20, 2020 and prior to arriving on the Expo grounds. All bulls born before January 1, 2019 or any non-virgin bull requires a single negative PCR test after January 20, 2020. All bulls and open heifers are guaranteed by the seller to be fertile breeders. All females 24 months or older will have a calf at side or be pregnancy tested by a veterinarian and found to be safe in calf.

This long yearling bull presents a multitude of options in a royally bred package. Outkast is quickly proving himself as one of Outsider’s elite sons and the dam side is one of the most solid here at the farm. His granddam, Ms Pearl, was Illinois State Fair Champion and the first Charolais to crack the Top Five at the Illinois State Fair. His dam, Crown Jewel then combined with her to be Champion Cow/Calf Pair at Charolais Junior National. Archer’s performance abilities are equally as impressive. He turned an unassisted 82 lb. BW in to a 790 lb. WW and then into a 1390 lb. YWT. So either way; if you want to push down on the scale or pull up to the backdrop, here is the man for the job.

This future herdsire is a maternal sib to our co-high selling bull from the 2019 Iowa Beef Expo that sold to the purebred herd of Vaughan Family Ranch, Derby, KS. His dam was our choice of the esteemed M&M herd before they dispersed and is now one of our feature donors. This herdsire prospect boasts great individual performance numbers and has an outstanding genetic profile. He has added growth with calving ease and maternal genetics all in one pot!

Power in the blood as his name would suggest. His dam did a fabulous job as a first-calf heifer. She was selected as the Champion Female at the 2017 Kentucky State Fair and her mating to Rhinestone resulted in a powerfully designed bull with added shape and an extra good phenotype. Amped Up has the added bone and muscle shape that is needed today. His pedigree is a mixed bag of the breed’s genetic greats. All these things and a 70# birth weight should allow a person to rest easy at calving time.

WGB MR RESOURCE 906 P is quite possibly the best bull we have brought to the Expo! He is a long spined, extended bull that is clean and refined through his front 1/3 (calving ease deluxe) yet, still so bold and easy fleshing through the center portion of his body. Where this bull excels is his structure, awesome feet, soft legged, nearly perfect in his angles and backed by some of the great bulls of the breed. His maternal sister won her class at the 2017 Junior National. Style. Functionality. Pedigree!

This calf has so many things going his way that we should’ve named him Lucky! From a performance standpoint; his muscle pattern, structural integrity, and the ability to turn clean air and grass into pounds of beef is impressive. Aramis took an unassisted 77 lb BW and turned it in to a very impressive 815 lb WW and is well on his way to posting a very substantial Y WT. But the maternal side of this guy is what keeps us in the cattle business. Not only was his impeccable dam the calf champion at Denver, but his full sisters are starting to cut a rug as well–most recently Reserve Junior Female at Agribition. We think this bull has genuine herd sire qualities backed by a rock solid pedigree suited for every aspect of the cattle industry.

Cattlemen’s Deluxe! This bull is sure to add performance to your cows! Standard Time does a lot of things extremely well. He is very docile, smooth Shouldered and deep bellied! Be sure to study his pedigree. We expect him to follow his sire’s footsteps and sire high vigor calves which come easy and small, but hit the ground running and are some of our top performers! He ranks in the top 15% with his TSI Score. His dam who is sired by M6 New Standard is one of our favorites and has earned her way to our donor pen with her consistency year in and out! Bid with confidence.

Outstanding show heifer prospect who has brood cow stamped all over her. Sired by the deceased National Champion WC Everest and out of the J&A/Stalcup donor MS Bud 915 who goes back to 1128. 915 was a division champion at the Junior National for Haley Stalcup and is the dam of Shade Bunker’s show heifers for the past four years. Every mating to this cow we have tried has worked. Proven success in this pedigree. 908 is attractive, correct, and great disposition.

These two ET full sisters, Gabby and Gussie, almost look like twins, with all the depth, width, and power that a pair of sisters can possess. They offer impeccable structure and are maternal in their build, just like their mother, our top donor cow. Their sire, WC Milestone, is well known for his great accomplishments and quality cattle across the country. If you’re looking for a heifer to build your herd around, you should consider Gabby or Gussie or both.

If you want a Charolais female with a little more pop than many of the current pedigrees you see, here she is. Miss Kitty has the performance that you would expect from RBM Fargo. Dam is a full sib to the past Show Female of the Year, WC Kourtney 5282 for Stalcup and Wright Charolais who goes back to LT Pearl 6143. Miss Kitty is long spined, deep bodied, and has a great front 1/3. She should be fun in the show ring and will turn into a moneymaker in the pasture.

This attractive and extremely tame heifer calf will make an outstanding junior show prospect. We love her chances of being a big time producer down the road with her added rib shape, stoutness of bone, sound structure, and absolute knockout pedigree – her hair and awesome attitude are just an added bonus. Her granddam 0518 has done nothing but turn heads since we purchased her out of the pasture prior to the M&M dispersal. A maternal sister to Jewel's dam was our 2018 National Sale female that sold to Shaffer Charolais Farms, Kansas. This female can work in the purebred or show steer producing world and should be productive for a long time.

BE Keely screams showing appeal. This heifer is square hipped, big boned, and excellent profiling. She could excel in the showing with her sleek and fresh design. BE Keely goes back to the well-known donor at LaFraise Farms Keisha who has produced many champions over the years. This heifer is good haired and will stand out in the ring with her bright white coloring.

We are very excited to get this female out on the show circuit. She is loaded with hair, clean fronted, structurally sound, and would be a fantastic steer making machine for any club calf breeders looking for a purebred Charolais. Both sides of her pedigree speak volumes of her quality. She is the first calf out of a stout, well-made, and hard to find RF Bocephus cow and sired by National Champion WC Everest.

When the phenotype and the genotype come together in this type of package, it makes a sound that a true cattle connoisseur of any color will stop and take note of. This May baby is royally bred and masterfully constructed. Extremely elegant about her neck and shoulder; long and level down her spine; well set from her hooks to pins; and under pinning that is true on all four corners. When set in motion, she reaches out with a great stride that is fluid and precise. We think Merry has a tremendous show career ahead of her. We also think her genetic ability in the donor pen will be herd altering for any progressive breeder.

This one has been one of our favorites since that day in May that we first saw her on the recip cow. We feel it is rare to find a purebred with this much power, while still having the correct angles on both ends. This young heifer will be extremely competitive next summer in Brookings and State Fairs; however, the fun begins when you get to decide how to breed her to make future champions.

Kylar is moderate framed, thick made, long bodied and is extended through her front third. Kylar is going to excel as a bred heifer, as she has the look and design to make your herd more profitable. She is a full sib to our bred heifer in the sale. These Outsider females are in high demand right now. Buy with confidence.

Kassidy is the winning kind. She is striking in her shape, bold in her rib design, and fluid and athletic in her movement. She is another one of those great Keisha daughters. This one would have been in our Junior National show string next summer if our kids hadn’t grown up so fast. She is an early daughter of the reigning National Champion Bull, Carbon Copy.

LaFraise Farms, Flanagan, Illinois, Steve Bertsche, 815-674-2395

Hawkeye Breeders Service, Inc.
515-993-4711 • www.hawkeyebreeders.com
Hawkeye Breeders offers one free semen collection on any one bull that brings $3,200 or more in any of the sales held during the 2020 Expo. The collection work must be completed prior to the 2021 Iowa Beef Expo. Bull must be presented to the Adel, IA collection site.
