The Black and White Sale

CODY CATTLE COMPANY

2020 BULL SALE • MARCH 2 IN COURTLAND, KANSAS AT 1 P.M.
2019 is a year that many of us aren’t soon to forget. From Mother Nature challenging us nearly the whole year, to markets that were unfavorable, it was a tough year. The one thing that we can all take away from 2019 is that if we can survive it, we will make it moving forward.

Observing the calf markets this past fall, it’s never been more apparent that quality sells. Buyers are looking for load lots from reputable genetics that will perform in the feedlot and are paying a premium for them. We feel that this set of bulls will help meet those demands.

Lindsay and I’s motto is that we don’t just want to grow our herd in numbers, but we also want to grow in quality. When flipping through the catalog, I hope that you will appreciate the commitment we’ve made to making the best stock we know how to make. Every year we invest heavily to produce the best genetics we can. A large part of our offering is either an embryo transfer bull or likely is out of an ET cow. We’re very proud of this set and stand behind them 100 percent.

Come early and tour the bulls and our cow herd (enjoy a steak,) then stick around afterwards for a crawfish boil and entertainment. Please feel free to call and discuss the bulls.

-Cody Runft

TERMS & CONDITIONS
All cattle will sell under the terms and conditions of their respective breed association. All sales are final.

RETAINED SEMEN INTEREST
Cody Cattle Company will retain 1/3 semen interest in all CCC bulls selling unless otherwise stated. The buyer of bull will get 100% salvage value for the bull when his service is done.

ANNOUNCEMENTS
A supplement sheet will be available sale day with updated information, corrections and additional information. This sheet and any announcements made sale day, from the auction block during the sale, will take precedence over printed material associated with the sale. Anyone attending this sale attends at their own risk. Cody Cattle Company, Hanel Black Simmentals, and the sales team will not be held responsible for any personal injury from attending this sale.

VIDEO PREVIEW OF SALE CATTLE
Videos of the sale cattle available online the week prior to the sale.

LIVE BROADCAST OF SALE

VIDEO AUCTION
All cattle will sell while being viewed on large screen monitors in the sale facility. There will be multiple large screens playing videos of the animals while the respective animal is being auctioned. Cattle will not come into the sale ring during the auction and we will not travel through equipment during the auction. Please make plans to arrive early and preview the sale offering prior to selling.

SALE ORDER
Hanel Black Simmentals will offer approximately 85 SimGenetics bulls, beginning at lot 1. Cody Cattle Company and consignors will follow that offering with approximately 60 Charolais bulls, beginning with lot 101.

TRUCKING
Free delivery within 200 miles and $50 sale credit if bull purchase is picked up the day of sale. Otherwise, please contact the sales team for assistance with transportation for your cattle purchases. We will work with volume buyers and those outside the 200-mile delivery range. Dick Coleman is an approved and recommended professional trucking option. (765) 461-0954.

AIR TRAVEL
Wichita Airport • 2 hours and 30 minutes from sale site
Kansas City International Airport • 3 hours and 20 minutes from sale site

ACCOMMODATIONS
Holiday Inn Express & Suites Concordia • 785-243-2700

HERD HEALTH
All cattle will be accompanied by a valid health certificate for immediate shipment anywhere in the continental United States.

Spring BULLS
Quite possibly the most unique bull we've ever produced in terms of hip, hind leg, and quality. This good-looking prospect is big legged, big nutted, and offers a killer look. We feel that he not only offers production value to our future bull sales but will also generate show ring stock. Selling 1/2 semen interest and choice of spring or fall possession.

Bulls were ultrasounded on January 30, 2020.

All bulls that do not have an Adjusted YW will have an Actual Scan Weight printed in the catalog.
Over the top would be the best way to describe this bull in every aspect. Unmatched natural performance, width, dimension, and mass on a flexible skeleton. We’ve never offered a more genuine “beef” bull that will certainly have an impact on our herd for years to come. Selling 1/2 semen interest and choice of spring or fall possession. Presented with 2B Cattle Company.

BULLS SUBMITTED FOR 50K AND HOMOZYGOUS POLLED TESTING

The crew at HBS reminds me regularly that I missed this bull early on, and he should have made the trip to Denver. Without a doubt they are correct: 9034’s 10-year-old Blue Value dam grew this bull to be the 2nd heaviest WW calf. When you see this bull you instantly appreciate his mass, performance, and structural correctness. Good stock here.
This is as straight of an old-school LT breeding as we have. This bull possesses a lot of strengths that Lindskov-Thiel emphasizes. 9011 has good feet, good attitude, good growth, good combination of both terminal and maternal abilities — all around good bull.
These are the last of the full sibs to Resource that CCC will ever offer. These things are both big-league good, and they both remind me a whole bunch of their famous full sib. 9048 was on a worse recip, but has absolutely turned the crank since weaning time. With Resource fighting Father Time, we feel it mandatory to keep walking rights on 9040, and hope he continues to progress our herd as Resource has.

9040 is a full sib to Resource. His full brother has proven to be one of the safest and most elite sires in the Charolais breed. Resource is one of the few sires that can offer maternal value, carcass strengths, and show ring appeal. We believe 9040 has the same potential as his famous brother.

Selling 1/2 semen interest and fall possession.
My old running buddy and best friend, Justin Patrick, bought some embryos from Hechts out of their 4303 donor, and this stud is a result. We got him in a little later than ideal, but this bull has flat put it on. I don't believe that we offer a bull that's as impressive as him — get on top of him and study how much shape and dimension he comes out of his blades with and carries it back to a stout pin set. Don't let this bull’s youth deter you from taking home this powerhouse.

Presented with Patrick Livestock
My 6’5” “little” brother has brought the goods with these two Resource sons. They are fault free, performance driven bulls with look that check all the boxes. I’m sure that he’d appreciate all the help he can get on these bulls to help him further his college “education.”
One of the multiple Resource x 5173 bulls we are offering. A very astute and well-respected cattleman from Oklahoma came and went through the bulls around Thanksgiving and this was his favorite out of everything. He kind of chuckled when he asked why he wasn’t in the with the Denver bulls. I told him that at the time of selection he wasn’t as manned up and mature as the January/February bulls. The closer we get to sale time the more I realize how right he was.

Presented with Mabry Brothers Livestock

9047 weaned off with the most impressive weight of 915 lbs. He is extremely opened up, deep in his center rib and packs a lot of red meat. He’s backed by 2 of my favorite white animals, Resource and 5173 — the 2017 National Champion Female.

*Presented with Mabry Brothers Livestock*
He was developed with the Denver bulls and was supposed to be in the Pen of 5. He came down with Hairy Heel wart around Christmas time and wouldn’t track like he should. We now have him cured; and we believe that you’ll appreciate his balanced, quality look and the punch he has to offer. Presented with Mabry Brothers Livestock

Presented with Mabry Brothers Livestock
High quality stock here. 9055 is good-fronted, great-balanced, and has plenty of power with a soft hair coat and excellent EPD profile. 5173 strikes again, and this is quite possibly her best work yet. Presented with Mabry Brothers Livestock

9003 got foot rot on us at weaning time (treated with everything known to man) and it never broke open and drained. It is now a hard abscess, and he doesn’t favor it. It is located on the inside of his back right foot. We sell him with the same guarantee as the rest of the bulls.

9068 is a full sib to Lot 121, one of the bulls in our 2020 NWSS Champion Pen of 3. This bull is stout, powerful, wide and just flat good.

Monumental x 1140: Excellent build, hard footed, good looking with plenty of punch would be a good way to summarize these future herd sires — Lots 122-125.

9008 is a heavy structured, rugged, powerful son of Milestone that reads balanced in his EPD profile. He’s a full brother to our 2nd high seller in the 2019 sale, Resurgence.
His dam is what we are trying to replicate in terms of female production and efficiency. She is a huge bellied, square, heavy milking female that flat gets it done. When you combine that with Milestone’s power and performance, 9045 has a lot to offer.

Andrew Doub sent us an ultra-complete, stylish yet stout Maverick son. If you follow his program you’ll realize this bull’s dam goes back to the great matrons that have kept Doub Charolais a force in the breed. **Presented with Doub Charolais**
Due to time and Mother Nature, we were very limited on the pictures available, and we only got our stud of the fall bulls pictured. We feel that these bulls speak for themselves.

8507 is a full sib in blood to Watje’s bull that went to Minnesota for them last year. Graham Blagg came through the bulls and asked why this thing wasn’t halter broke. We named him Tried and True because his mating is proven; it consistently works.

Presented with Sparkman Cattle Company
BULL GUARANTEE

Unless otherwise noted, all the breeding age bulls will have passed a breeding soundness exam prior to pick up/delivery. In addition to the standard Terms and Conditions of the American Simmental Association and the American International Charolais Association we will provide the first breeding season (the 90-day period immediately following turn out) guarantee on all yearling and older bulls. This guarantee is not an insurance or mortality policy, but a guarantee on functional fertility. It is not a substitute or replacement for poor management. Buyer assumes all risks for injury due to running bulls together or management decisions outside genetic control. For the guarantee to apply, we ask that you contact us as soon as a condition is observed and before the animal is sold. We will work with you to determine whether the animal is returned or sold for slaughter. We will attempt to provide a suitable replacement. If one cannot be provided of equal or greater value, we will issue a sale credit to be used in a future sale for the full purchase price less the salvage value of the animal.

Watch the Sale Live Online...

View the sale from your phone, tablet, or desktop computer and bid with confidence! Visit www.CCI.live for complete sale information and online registration. If this is your first time to CCI.live, visit the web page and get approved for bidding at least three hours prior to sale time. With good internet speeds you can enjoy the sale from any location and bid with confidence.

ONLINE BIDDING - Catalog - Videos - Sale Order - Plus More!

INVEST IN GENETICS. INVEST IN YOUR RANCH’S BOTTOM LINE.
A Heartfelt Thank You
