Jon Schaben 712-263-0755

PUBLICATION REPRESENTATIVES:
Colt Keffer, Charolais Journal 765-376-8784
Kelly Schmidt, Cattle Business Weekly 406-599-2395
Austin Brandt, Midwest Marketer 712-621-1829

INSURANCE:
Insurance to cover mortality and injury is strongly suggested for all bulls and will be available sale day from Dakota Ag Insurance – Doug Ward, Agent
Office: 605-990-5355 • Cell: 507-273-7465
dw@dakotaaginsurance.com

GUARANTEES:
Any bull that has been shown to lose fertility during the first year may be returned to seller at buyer’s expense after notifying seller in writing. The bull must be in healthy condition and accompanied by proper health certificate. Seller will be liable only to the extent of the purchase price in any settlement or adjustment made on the bull that proves to be a non-breeder. Bull will most likely be replaced with one of equal value. Limitations to genetic defects, not injuries. Injuries are to be backed by an insurance policy on the bull purchased by the buyer.

BULL SALE

REGISTRATION PAPERS:
Bulls sell with registration papers and will be transferred to buyer upon payment.

ONLINE BIDDING:
To register for internet bidding through DVAuction please call 402-316-5460 or email dva@dvauction.com for pre-sale bidding approval.

TRUCKING:
$50 will be taken off the sale price of all bulls who are picked up sale day. Following the sale, bulls will be relocated to the development facility in Austin, Minnesota. Alternative trucking can be arranged.

DEVELOPMENT:
Free development is offered on all bulls for 30 days following the sale. After 30 days, buyer will be charged a rate of $4.00 a day per bull. Buyer assumes all risk for bulls under development.

HEALTH:
All bulls are fertility-tested and will sell with proper interstate health certificates. Health papers will be provided and a big thank you to our vet Doc Mike Dierenfeld of Worth County vet service for being on hand sale day to rewrite health papers!
Wakefield Farms

On behalf of everyone involved, I want to welcome you to our Performance Tested Bull Sale. We are celebrating our 58th year in the Charolais business and even though longevity does not guarantee success, we have learned a thing or two about what it takes to make bulls that work for the commercial producers that have kept us in business all these years. We multi-trait select with an emphasis on calving, maternal and always maintaining growth. If these cattle don’t grow and perform, they aren’t much good in our estimation.

The Red Angus and Charolais breeds complement each other very well and we feel this year’s offering excels in many areas. The bulls were placed on a 120 day gain test on October 30 and that info and scan data will be available sale day. Videos will be online with DVAuction and we are here to help you find the best bulls for your operation.

In conclusion, we are big believers in REAL Data and for many of you, rate of gain, scan info, etc. are very important. Due to timing the data couldn’t make the catalog, but we will have all that information on sale day. Please feel free to contact us with any questions.

Thank you,

Kyle Wakefield

EPDs AND SUPPLEMENT:
The EPDs in the catalog are the newest at time of print, January 2020. All additional and updated information will be printed and available to all prospective buyers upon arrival.

TSI:
Terminal Sire Index (TSI) — The AICA Terminal Sire Index is a formal method of combing Expected Progeny Differences (EPD) – BWT, WW, YW, REA, HCW, MARB and FAT – into one single value on which to base selection decisions. The TSI uses estimates of the genetic relationships between traits with an economic default value based on three year rolling USDA data.

HB:
HerdBuilder Index is built using the following scenario:
- Red Angus bulls mated to cows and heifers
- Replacement heifers retained from within the herd
- All remaining progeny sold on a quality-based carcass grid

Given that replacement heifers are retained, significant influence is placed on the obvious maternal ERTs of Stayability, Heifer Pregnancy and Calving Ease. Additionally, with all remaining progeny sold on a quality-based carcass grid, Marbling, Yield Grade and growth EPDs also impact the HerdBuilder Index.

GM:
GridMaster Index is built using the following scenario:
- Red Angus bulls mated to cows
- All progeny sold on a quality-based carcass grid

Marbling, Yield Grade and growth EPDs are the traits of primary importance in the GridMaster index.

“When choosing bulls, I look for rate of gain, ribeye size 15 or better, scrotal size over 37, and good marbling. Wakefield bulls have the qualities I’m looking for. We’ve bought their bulls for over 20 years.”

One of the most complete bulls in the sale. Smooth, eye appealing and sound. Dam is a first-calver that did an outstanding job.
For those desiring a little more frame this Fargo son should be on your list. Dam is a Sterling Dam of Distinction and still cranking out good ones at 13 years of age. Use to improve feet, longevity and growth.

A long bodied attractive son of Fargo with a sterling disposition. An eye-catching Fargo son that goes back to the Goin Places cow. Big EPDs and TSI score.

Selling 2/3 interest and full possession.

Excellent Fargo son with herdsire potential. Dam is a beautiful Ledger daughter that has been a favorite of many visitors. Excellent disposition, top TSI score and EPDs will earn him top marks on sale day.

Out of a home raised Patriot son that has been admired by many visitors. We like this bull a lot. He is high on quality and out of a tremendous cow family.
An eye appealing son out of our herd sire 7HF Diablo 708. Diablo is thick, sound, big footed with a great disposition. The dam of this young herd sire is good looking with great disposition and milks beyond her EPD.

Offered by 7 Hills Farm

This bull is out of another great cow. When we bought Penny from Brent Thiel he said he would send us cows that were great mothers and they would milk. He did not disappoint!

Offered by 7 Hills Farm

Here is a real intriguing outcross mating with PCC Rome. A Canadian Champion bull bred to our Champion cow PZC Calla Lily. Calla Lily's calves are beginning to be competitive high-sellers, and we are expecting more great things to come from this cow. Just take a look at this bull and you'll see what we are talking about!

Another son of our herdsire Spartacus and out of our top cow family. This bull is built right and designed for calving ease without sacrificing growth. 50K tested.
Sired by Custom Made out of a first-calf Detour heifer. Custom Made 921G is a thick made, long spined bull with performance, eye appeal, and structural correctness. Recommended for larger heifers or cows. 50K tested.

Offered by Shady Hill Red Angus

---

A son of the popular Bieber Driven. A bull that has a little more frame and punch. A great disposition and growth without sacrificing calving ease. 50K tested.

---

A moderate easy-fleshing son of Driven. Dam is 10 years old. Use for calving ease and to improve feet. 50K tested.
SHR Benelli 906G is sired by Lazy MC Benelli 102B out of a productive Kargo heifer. Benelli 906G is a bull with calving ease, eye appeal, and performance. Recommended for heifers. Benelli calves come 8-10 days early. 50K tested.

Offered by Shady Hill Red Angus

SHR Beartooth 929G is sired by Takeover out of a productive Mulberry heifer. Beartooth 929G is an ultra-low birthrate, calving ease bull with eye appeal, structural correctness, and performance. Recommended for heifers. 50K tested.

Offered by Shady Hill Red Angus

SHR Razor 930G is sired by DKF Razor 55C out of a productive Hamley daughter. Razor 930G is a moderate framed, thick made bull with structural correctness and eye appeal. Calving ease bull, recommended for large heifers or cows. 50K tested.

Offered by Shady Hill Red Angus

SHR Kargo 942G is sired by our herd sire Kargo 715 out of a very productive Mulberry dam, Kargo 942G is a bull with balance, eye appeal and structural correctness. Calving ease bull and recommended for heifers. 50K tested.

Offered by Shady Hill Red Angus

BIEBER DEEP END B597 Son sells as Lot 47

A Deep End son that is high on quality. Reminds us a lot of our Iowa Beef Expo bull from last year that was 2nd high-selling to the Glienke’s of Aurelia, Iowa. 50K tested.
