Another powerful son of Redemption produced by WC and out of one of their most successful cow families! This one has already been in the show ring and a winner to boot. He was the Grand Champion Bull at the 2023 Tulsa State Fair and a National Class winner during the National Charolais Show in Louisville this past November. With six EPD numbers ranked in the top 20% of the breed including carcass numbers top 20% for REA and MARB in the top 15%. He is a full brother to WC Katniss 2109 P ET that was a high seller in the 2022 WC Female Sale at \$16,000 for one-half interest. Another son of Dream Girl sold in the 2021 Wright Bull Sale for \$19,000! Their super donor WC Dream Girl 6243 P continues on her high production rate after selling for \$54,000 in 2017. This maternal line is one of their most consistent in terms of quality in the herd.

This is an awesome built bull with extra power, shape and a cool look. He is the #5 ranked spring 2023 bull calf with his 114 weaning weight ratio. Sired by the still breed changing National Champion Bull WIA Backwater Jack 060 P. The high-end qualities of Backwater Jacks pedigree of Ridge, Outsider, Dory & Katie continue to influence the Backwater Jack inputs. Chris Peuster loves the dam of this bull's WC Milestone dam, who is a maternal sister to the WC Guns Up 2520 fall born Silver Gun herd sire prospect that was featured in our January Charolais Journal issue brochure. The dam of this bull #9618 was also a high performer born 9-28-19 had an AWW of 771 lbs. to ratio 111, the #5 ranked heifer calf in her contemporary group of 45 head of heifers. She raised her first calf another bull born 12-31-21 to an AWW of 748 lbs. to ratio 106. She just keeps getting better and better.

You want some outcross genetics, you want some outstanding performance, you want some carcass superiority, you want some genetic heritage, stop right now! WC Viper 3119 has it all. He ranks in the top 1% of the breed for Weaning Weight, top 1% for Yearling Weight and top 1% for Terminal Sire Index (TSI). TSI rolls all the performance based EPD traits into one single value on which to base selection decisions. Then consider his CW & REA EPDs, top 3% and 5% of the breed. His sire SCX Jehu 233E captured the breed's interest this past year when he sold at auction in Canada for \$245,000 and Wright Charolais secured the U.S. Semen Rights! His outcross genetics can be used on most popular lines in the states with tremendous results. Then look at his dam, this herd sire deluxe is a maternal brother to great WC Southern Comfort 8043 P!
